**URIC ACID IN MEAT  
BRINGS RHEUMATISM**

Says a Little Salt in Water May Save  
You from Dread At-  
tack.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid, which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather, the skin pores are closed, thus forcing the kidneys to do double work. They become weak and sluggish and fail to eliminate the uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism, get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent, lithia-water drink, which helps overcome uric acid and is beneficial to your kidneys as well.—Adv.

**SINN FEINERS ARRESTED.**

**MOTHER ALL RUN-DOWN**

Had to Have Health, to Keep House for Four Children—What She Did.

Narragansett Pier, R. I.—"I was all run down, back ached and tired all the time. I keep house for my husband and four children and could hardly keep around. Finally I tried Vinol, and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition."—Mrs. Hannah Randall.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body-building and strengthening tonics.

## BASEBALL SECESSION PRACTICALLY DONE

National Association of Minor Leagues  
Virtually Declared Independence  
of the Majors.

New York, Jan. 17.—The chief interest to-day in baseball circles was the meeting here of the National Association of the Minor Leagues, which last night virtually severed relations with the major leagues. The minors asked permission to attend to their own business in the future and this was granted by the majors.

The details of how the affairs of the minors will be conducted without the aid of the big leagues were being worked out at the session to-day. In severing relations it was agreed that all liabilities now pending before the national commission relating to minor league affairs should be settled before the new arrangement went into effect. It also was agreed that the majors and minors are to respect contractual, territorial and reservation rights of each other. It was provided that the reserve list of the minors would be respected up to the major league limit of 21 players, but no more. The minor league magnates were greatly pleased at the outcome of their demands which brought separation from the majors, despite the prediction that was freely made that all the good minor league players, now free agents, would flock to the major organizations. It also was said that some sort of arbitration probably would be decided upon to settle disputes that may arise between the minors and major leagues.

While the national association was in session the National and American leagues held short meetings. Prediction that the radical action of the National league in limiting the payrolls of the clubs to \$11,000 each, monthly, would be rescinded before the opening of the season was made to-day by John J. McGraw, manager and one of the owners of the Giants, following the action of the American league in refusing to adopt such limitations.

It was said that other prominent baseball men take the same view of the situation. National league managers, the baseball men said, expected there would be much trouble between the clubs and players over the salary question when the attempt to put the new limit into effect was started. The matter was expected to reach a climax within two or three weeks, as the clubs will send out their contracts next week.

**"SANDLOT" LEAGUE TO MEET.**

National Baseball Federation to Confer at Cleveland.

Cleveland, O., Jan. 17.—The executive committee of the National Baseball Federation, America's premier sandlot organization, was to meet here this evening, preliminary to the annual convention to-morrow.

Officials of the federation will take steps to restore the organization to its former strength. An effort may also be made to affiliate with the American Industrial Athletic association, which was organized in Akron last summer and which promises to be a powerful organization.

A bulletin issued by Secretary Tom Nokes of Johnstown, Pa., urges every person interested in the furtherance of sandlot baseball to be present. M. H. Sexton, president of the National Association of Minor Leagues, has written Secretary Nokes of his intention to attend if the meetings in New York are concluded in time.

**PROPOSE NEW JOCKEY RULES**

Calling for New Scale of Weights with Revision Upward.

New York, Jan. 17.—An amendment to the rules of horse racing, calling for a new scale of weights, with a general revision upward, has been proposed to the Jockey club for use on the tracks under its jurisdiction, it was announced to-day. A meeting will be held soon to act upon the proposed change.

The proposed increases will bring the scale up to, and in some cases over, that in operation in England. Except for four-year-olds in the six-furlong and mile races, the increases in all other classes will be all the way from one to five pounds. A scale for mile and a half races has been added; heretofore, the weights for this distance have been the same as those for the mile and a quarter.

**HOPE TO END STRIKE.**

Which Was Declared Against New York Milk Distributors.

New York, Jan. 17.—A conference at which it was hoped the strike declared against New York milk distributors by the Dairymen's league would be adjusted, was resumed here to-day by a commission appointed by Governor Smith and representatives of the distributors and producers. Robert E. Dowling, chairman of the commission, declared that if an agreement was not reached to-day he would ask the state legislature to take action.

## WHITEWASH FOR SENATOR LA FOLLETTE

Charges of Disloyalty Are Dismissed, 21  
Senators Voting in the  
Negative.

Washington, Jan. 17.—The Senate yesterday adopted the resolution of its election committee recommending that no action be taken on the disloyalty charges brought against Senator La Follette of Wisconsin because of statements in his speech Sept. 20, 1917, before the Non-Partisan league at St. Paul, Minn. The vote was 61 to 21, 20 Democrats and one Republican voting in the negative.

The negative votes were cast by: Democrats—Cullerson, Fletcher, Gay, Henderson, Hollis, Jones of New Mexico, McKellar, Martin of Kentucky, Myers, Pittman, Pollock, Pomerene, Randall, Saulsbury, Sheppard, Simmons, Smith of Arizona, Trammell, Walsh and Williams. Republican—Smith of Michigan.

## SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore  
Color, Gloss and Attract-  
tiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyley's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Adv.

## GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy  
and Abundant at  
Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and luster, and try as you will you cannot find a trace of dandruff or falling hair, but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

## DAIRYMEN'S CONVENTION ENDS.

Awards Made, E. A. Darling of East  
Burke Getting Sweepstakes.

Burlington, Jan. 17.—The three-day convention of dairymen and maple sugar-makers in this city closed last night with a joint banquet of the two organizations, at which Frank H. Brooks, food administrator, was toastmaster. Yesterday forenoon Elbert S. Brigham spoke on "The Dairy Outlook." O. M. Camburn of Burlington, professor of animal husbandry, spoke on "Why Use a Pure Breed Sire?" and Charles S. Bird, secretary of the New England Confectioners' association, had a timely paper on "Confectioners' Requirements in Maple Products." In the afternoon the cow test association had a meeting and the women's auxiliary gathered in the roof garden of the Hotel Vermont. A program was given there, with an address by Mrs. May I. Wood of New Hampshire, chairman of the woman's committee of national

recognition of the faithful and efficient service performed for the Vermont Dairymen's association for the last six years, Rev. Charles J. Staples, pastor of the Unitarian church of this city, has been presented an honorary life membership in the association. The presentation was made by President Rickford. Rev. Mr. Staples has offered prayer at the opening session for many years. To E. A. Darling of East Burke goes the annual award of the Vermont Dairymen's association for the best samples of dairy butter entered in the competitive contest, the sample having scored 97 points. The sweepstakes honors for butter of the creamery class went to C. W. Lilley of Marshfield, the sample scoring 96½ points.

There were 38 entries in the contest, 19 for the dairy and 19 for the creamery class. The highest award scored 97 and the lowest was 89 points, while the average score was 94. The judging was done by Orrin Bent, a veteran butter scorer, who for many years has been employed by the firm of I. H. Ballou & Co. of Boston. The exhibitors and the score of each sample are shown below.

Dairy class—E. A. Darling, East Burke, 97; C. J. Nelson Shaffner, East Burke, 96; S. N. Warner, North Pomfret, 96; C. N. Leonard, North Pomfret, 96; W. H. Harrington, North Hartland, 96; George Gebbie, Groton, 95½; A. E. Sherburn, North Pomfret, 95; Bowland F. Robinson, Ferrisburg, 95; H. M. Lee, Windsor, 95; Charles Gates & Sons, North Hartland, 95; The Point farms, St. Albans, 95; Myron G. Eastman, Lyndonville, 94; Frank Tree, West Rutland, 93; Mrs. Morton J. Bromley, Danby, 93; D. A. Blair, Barre, 93; John B. Candow, Pittsford, 91; Mrs. Roswell Tyson, Braintreeboro, 90; Mrs. Arthine Delano, East Shoreham, 89.

Creamery class—C. W. Lilley, Marshfield, 96½; H. L. Lister, Wells River, 96; C. B. Vincent, West Hartford, 96; W. C. Porter, Sharon, 95; J. F. Donahue, Vergennes, 95; G. M. Hayward, Middlebury, 95; E. G. Rist, Wilmington, 95; F. R. Hayward, Wells River, 95; E. C. Hillis, North Montpelier, 95; L. A. Ring, East Corinth, 95; Mount Mansfield creamery, Stowe, 95; W. P. Stone, South Stratford, 95; T. E. Donahue, Burlington, 93; J. B. Lucas, Jr., Middlebury, 93; W. H. Vancour, East Hardwick, 93; John Bond, East Montpelier, 93; C. M. Storey, North Montpelier, 93; S. L. Harris, Proctor, 92; W. C. Donahue, Monkton, 92.

The annual meeting of the Vermont State Jersey Cattle club was held on the roof garden of the Hotel Vermont Tuesday evening. The meeting was largely attended by Jersey breeders from all parts of the state and much interest and enthusiasm was shown. Officers for the following year were elected as follows: President, H. M. Lee of Windsor; vice-president, W. G. Fassett of Enosburg Falls; secretary, G. U. Tiffany of East Berkshire; treasurer, Walter Harrington of West Hartford; directors, M. A. Adams of Derby, George Bliss of St. Albans, F. L. Davis of White River Junction, E. H. Bickford of Bradford.

A business meeting of the Holstein-Friesian club of Vermont was held, at which routine business was transacted. The annual election does not come until next August. President G. P. Gregory of Dummerston was in the chair with A. P. Bigelow of Middlesex, secretary-treasurer, also attending.

Treasurer M. A. Adams of Derby, in his annual report, reported receipts for the year of \$1,622.39 and expenditures of \$1,176.96, which leaves a balance on hand of \$445.43.

Next year there will be five special money prizes offered by the Vermont Maple Sugar-makers' association for the best exhibit offered at the annual meeting of home-made maple confections. This contest is open to any member of the association whether he or she makes sugar or not, for, if not, some sugar may be bought for the purpose of entering the contest. The prizes will be \$100, \$50, \$25, \$15 and \$10, and further information concerning the coming contest may be had upon applying to the secretary.

33 cases of venereal disease, according to reports to the chief surgeon's office. This is a low record, representing a yearly rate of seven cases out of a population of 1,000. For the whole American expeditionary force, the rate has been reduced 80 and 90 per thousand, which was itself much below the civilian rate. Five segregation camps have been established at embarkation centers, where men found affected will be placed in quarantine until they can sail for the United States. The average time for quarantine, it is expected, will be at least 40 days.

## DROPS OF MAGIC! LIFT OUT CORNS

Sore, touchy corns stop hurting, then lift right out with fingers

For a few cents you can get a small bottle of the magic drop freezener recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezener. Apply a few drops upon a tender, aching corn or callous and instantly all soreness disappears and shortly you will find the corn or callous so loose that you lift it off with the fingers.

Just think! Not one bit of pain before applying freezener or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns, or corns between the toes, also hardened callouses on bottom of feet, shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on the dresser and never let a corn or callous ache twice.—Adv.

## "They Shall Not Perish"

President Wilson has asked all Americans to rally generously to the support of the Committee for Relief in the Near East, whose campaign ends this week.

The need is urgent. Four million refugee women and children, the victims of Turkish lust and brutality, are starving and dying.

There is only one possible source of help—America. The other nations of the world can scarce bind up their own wounds. Upon what we do—you and I—depend the lives of these millions of helpless women and children. They must not perish—they shall not perish.

The Government has asked the Committee for Relief in the Near East to undertake the rescue work among these victims of Turkish oppression. During the past year the Committee has cared for over 900,000 refugees who otherwise would have perished.

To carry on this work a minimum of \$30,000,000 is needed immediately.
